Spring Newsletter

As the days grow longer and warmer, we find ourselves deeply thankful as we reflect on the meaningful moments and cherished connections we've shared over the past few months. I hope these bright memories, like this new season, fill you with joy and warmth.

Egg-citing Easter fun!

Spring is a wonderful time of year, bursting with new life. In March, we had a visit from several cute chicks. The two-week-old birds delighted our residents with the feel of their soft, fluffy feathers and the sound of their little chirps. We love to create new experiences for our residents, and for some of them, it was their first time holding a chick. Our residents adored spending time with their feathered friends and didn't want them to leave!

And the winner is...

The Care Home Awards recognise innovation and excellence in care, and we are thrilled to announce that we are finalists in the 'Best for Specialist Care' category. Huge congratulations to our team for being shortlisted for this award. It recognises their commitment to improving the outcomes and quality of life for our residents. Each resident's rehabilitation is shaped around their unique circumstances, goals and aspirations. Wish us luck as we await the awards evening in May!

Circuit training

Gaining independence when living with an acquired brain injury or complex neurological condition is crucial for maintaining quality of life, self-esteem, and overall wellbeing. Taking part in our circuit training classes, using weights, bands, and balls, allows our residents to participate more actively in their daily lives, make personal decisions, and manage their own care. It's also a lot of fun!

“Love is in the air...”

On Valentine's Day, we celebrated love and made the afternoon special for everyone by serving cake and a glass of bubbly, with music from a fantastic singer. It was wonderful to see all of our residents sharing smiles and laughter. Ahead of the day, our residents got creative and made gifts for their loved ones and created beautiful decorations for our lounge. Crafting is a low-pressure way of improving our residents' attention and dexterity, while also being a lot of fun!

Notes of thanks

“I'm so happy with the care and expertise – what you have at ISC is quite unique. Thank you to the team.”

Katie

“The staff were respectful to my son – they went above and beyond. His care was of the highest standard.”

Jan

With love
